Course Facilitator:
Ayman Mostafa Shokry
CSCP, CPIM, CISC

Ayman Shokry is an innovative, customer-focused, continuous improvement, Supply Chain Professional. He has been a part of the logistics and supply chain management industry for the past 24 years, including 19 years in a managerial role in all facets of SCM including logistics, inventory control, warehouse management, procurement, contracts, distribution, fleet management, planning/scheduling and project management.

Dynamic leader and experienced Logistics & Supply Chain Strategist with over twenty three years of continued career progression and leadership expertise in global Supply Chain Strategic Management and consulting, accompanied by key accomplishments and expertise with global firms in Middle East.

Course Overview:

Eliminating functional silos is an imperative if organizations are to achieve the high levels of customer satisfaction and reduced cost demanded of the supply chain.

Eliminating these silos requires creative integration of critical functions that react with both suppliers and customers. The good news is that technology is an “enabler” that is helping the functions involved in supply chain management respond to those new demands.

This program is designed to provide the processes and tools for Purchasing, Logistics, and Inventory activities to integrate their methods with suppliers and leverage technology to meet the needs of the organization. Participants will also experience case studies and real-life examples in order to understand how to respond to executive mandates regarding purchasing and supply management, and more.

TESTIMONIALS

Thanks to you too for providing such valuable information related with Material & Supply Chain Management. It was a real pleasure attending this course.

Zafar Iqbal
Water & Civil
Water Operations

Thanks for the training which covered the topic Effective Purchasing Management and it was wonderful and we together enjoyed the classes, the course you delivered was very affluent and we will be implementing in the practical to get the best of the business. It will be our pleasure to have any of the similar topics covered for our other colleagues for an in-house training or so.

Ajit Kumar - Supply Chain

I would like to express my sincere thanks for imparting me and enlightening me with the knowledge and information on Supply Chain and Inventory management. It was a true pleasure and value addition to undergo program conducted by you.

Sushil Kumar Banwari
Engineer Cataloguing and Inventory Control
